Dear Marika Vicziany,

Having read your proposal concerning the Revival and promotion of Music in Afghanistan, the FCCS would certainly help you in your future activities and offer its partnership.

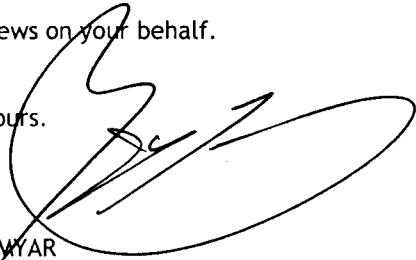

Indeed, this project is essential for the rebuilding of the afghan music.

The FCCS is very well implemented in the music field, programming within its cultural center numerous concerts and musical workshops. It is also the organizer of the Nauroz Festival in Mazar e Sharif which is the first and the most important music festival in Afghanistan.

We would be pleased to cooperate with the Monash Asia Institut, and more particularly with Dr Ahmad Naser Sarmast, to put our skills and knowledge at your disposal.

We await news on your behalf.

Sincerely yours,
